

# iTEMP TMT121

## DIN Rail Temperature Transmitter

- ✦ High accuracy in total ambient temperature range
- ✦ Fault signal on sensor break or short circuit, NAMUR NE 43 compliant

- ✦ Galvanic isolation

### Auxiliary Power Supply

- 12...35 V DC (standard-version)
- 12...30 V DC (Ex-version)

### Accuracy

- (Pt100, -50...200 °C)  $\leq 0,2$  K
- (Pt100, -58...392 °F)  $\leq 0,4$  °F

### Input

- 1 x RTD, TC, Ohm, mV

### Output

- 1 x analog 4...20 mA
